Bierson—Having seen the publication of your Alterative Compound, I think it my duty to say to the public, that I had been for years subject to spells of Cramp Colle, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour.

WM. B. LLOYD.

Da. Blanson: —I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely relieved me, so that I have not had cause to take anything in the compound. I have not have not had cause to take anything in the compound. two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspensia again I shall be sore to call on you. I am very respectfully your friend.

DR. FRASK'S MAGNETIC OINTMENT. MR. WINTERS had lost nearly all of his hair and had been hald for many years; by the use of three bet-les of the Magnetic Ointment, had his hair entirely re-tored, and now has as beautiful a head of hair as any man

most to a skeleton. By the use of a few bottles of the Ointment he was thereughts gured, and for seven months past has enjoyed robust health.

This was an extreme case of inflammation of the spleen, of long standing, has a variety of treatment from no less than eight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago and the lady (a Mrs. Dunham,) is still in good health, and able to attend to her usual household duties. I have treated two cases of Chronic Sore Lyes with the Ointment, both of the patients so nearly blind, as to need an attendant to lead them from place to place. One of them had been afficied its years, the other about 9 years. They had tried the best physicians in the State, without benefit; and one of them had been under the about 9 years. They had tried the best physicians in the State, without benefit, and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment is a number of cases of Piles, and in no case has it failed of giving immediate relief and generally a psemantal cure. I have also used it beneficially in severe cases of Erysipelas. And lest but not least I have within the last year cured four cases of CANCER by the use of the Magnetic Ointment alone!

Ointment alone!

From a thorough trial of the Ointment in nearly every disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies over offered to the public.

Respectfully Yours,

BURTON HUBBELL, M. D.

Dated Jan 27, 1850, Amelia, Ohio, The character of this Cintment, as an efficient remedy, is established in this city. There are quite a number of individuals who ascribe their restoration to health to the use of

this extraordinary Ointment.

It never fails to cure the worst possible cases of bowel complaints in a few hours. It is purely regenable, and taken complaints in a few hoors. It is purely regenable, and taken in almost any quantity is perfectly harraless.

Most remedies in use for Diarrhea, lock up the peres of the infestinal canal and only for a time allowate the disease by preventing the expulsion of the aerid fluid, which will almost invariably pour forth again, with increased violence, though mature senatimes overcomes the evil, while the removed alone bears off the praise. Not so with the Dyscutery, Syrup. Its ingredientare the natural antifoles to these consplaints. It changes the nature of the fluids, and causes there explusion in a natural manner. It does not leave them to inflance the surface of the stomach and bows, but attacking explasion in a milital matter. It does not not be defined to the studied of the stomach and bowles, but attacking the cause, it neutralizes them, and the disease immed a ely subsides. The operation of the Syrup is threefold. It immediately reaches the seat of the disease and arrests its course; if instantly suctives pain and restores the system to perfect quiet. The inflamed surfaces of the stomach and intestine are guarded against further violence by the neutralization of their aerid contents, and thus the body re-

umes it natural healthy functions.
